

VILLAGE OF CALUMET

ORDINANCE NO. 105

An Ordinance providing for charges to abutting land-owners for the removal of snow from sidewalks.

The Village of Calumet Ordains:

SECTION 1. The Village Council may from time to time determine by resolution those sidewalks within the Village from which snow shall be removed by the Village street department.

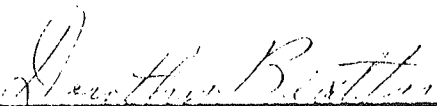

SECTION 2. In the event that the Village Council does determine, pursuant to Section 1 of this Ordinance, that snow shall be removed from designated sidewalks within the Village, then the Village Council shall determine a charge for snow removal to property owners whose property abuts the sidewalks from which snow is to be removed.

SECTION 3. The charge for snow removal to each landowner whose property abuts sidewalks from which snow is removed by the street department shall be determined by the number of lineal feet of sidewalk which abuts that landowner's property. The Village Council shall determine by resolution the rate to be charged on the basis of lineal feet to landowners for snow removal. This charge shall be subject to modification or amendment by resolution of the Village Council.

SECTION 4. This ordinance shall be effective after publication and expiration of the time prescribed by law.

Adopted and approved by the Village Council of the Village of Calumet on the 15th day of November, 1979.

RITA FINCH, President

DOROTHY BEATTY, Village Clerk
