

January 24,2022

To Whom it may concern,

Good day, my name is Pamela Que and I am new resident to Calumet. I purchased the beautiful historic Baroni Home at 336 8th Street.

As I'm sure the council and the planning commission know, AirBnB is becoming a very popular way to stay while traveling the world! It gives visitors an opportunity to visit places they may not have gone.

Moving into the Historic Village of Calumet is a privilege to me. I was born and raised in this area and coming back and moving into this historic village inspires me.

As we also know, the Keweenaw peninsula is a great place to visit and becoming more popular every year because of its beautiful scenery and historic value!

The tourist trade is a very big part of our economy here as well you know. Bringing people into our communities on foot helps to sustain all businesses in the community.

Having said that, I am requesting a special use permit to allow to use my home as a host home for AirBnB. I will remain in the house as the resident manager and provide breakfast.

I am not looking to do anything but upkeep on the house. I appreciate its historic appeal. I am looking to improve the outdoor environment of the corner because it needs to be done and my field of work for 34 years has been to beautify the outdoors! I am also planning on re-roofing the garage first thing in the spring.

I understand that I will have to revisit this request once the new ordinances are officially voted in and enacted. But I am asking at this time to please consider this beautiful historic home to be opened up to those that want to stay in an historic area and in a historic home.

I am happy to provide you with personal and professional references upon request.
