Historic District Commission - APPLICATION FOR PROJECT REVIEW - *Filling out the application – instructions and tips –* PLEASE PRINT.

Property address: street address of the property

Applicant: Owner or the owner's contractor. **Owner:** Legal owner of property

Mailing Address: Applicant's street address including City, State, and Zip Code.

Mailing Address: Owner's street address including City, State, and Zip Code.

Phone: Specify home or work

Contractor – Name of contractor if this project requires a building permit or check () work to be done by owner

Proposed Work: What work do you plan to do? Please be as specific as possible including a complete description of the part of the structure where work will be done.

(Remember: Always apply for and obtain your "Certificate of Appropriateness" BEFORE you purchase materials for your project.)

Example #1: Rather than "Replace window."

Say "Replace lower sash of the left window in the front of the building on the first floor with a wooden sash to match the original." Also state the reason you need to replace rather than repair the sash. ("Sash severely damaged by football.")

Example #2: Instead of "New door"

Say "Install new wooden door matching original design and materials on back of house to fit original opening in width and height." And include a drawing or photo of the proposed door – perhaps from a sales flyer or an order sheet. Specify the measurements of the width and height of the original opening.

Example #3: Rather than: "Replace roof."

Say "Replace roof with compatible historic roofing materials, keeping the same roofing style according to the local design guidelines."

These are relatively simple examples.

- Measurements are very important and may be part of the drawing
- Drawings should be black or dark blue ink on white paper
- Electronic submissions are encouraged.

A COMPLETE APPLICATION includes:

This application

Drawings as needed

Specifications of materials

Payment of a \$40 application fee in addition to any required building permits

Name of the contractor, if this project requires a building permit Or indicate () owner

*** [] Please initial to verify this property has at least one working smoke detector for each dwelling unit. This is REQUIRED by state law or the application will be considered incomplete.**

Emergency repairs: If damage occurs to a structure in a historic district, which requires emergency repairs, steps may be taken to secure the structure without the approval of the commission or the coordinator. Cover damaged windows or holes in a roof with tarps or wood to prevent further damage. Support dangling or loose elements or remove and store them. Notify the Coordinator of the damage to the structure on the first weekday available after the damage occurs and the coordinator will visit the structure as well as arranging a site visit by commission members to approve repairs if necessary. THIS WILL BE DONE AS QUICKLY AS POSSIBLE IN ORDER TO FACILITATE REPAIRS OF THE STRUCTURE IN A TIMELY MANNER.

If you have questions about completing this application for project review, please email the Historic District Coordinator at manager@villageofcalumet.com.
